www.certifiedgovpay.com

Certified Government Payments is a wholly owned division of Bancard USA which was originally founded in 1983. As one of the pioneers in the credit/debit card processing industry, Bancard USA was one of the first companies to help introduce Electronic Draft Capture (EDC) to the marketplace. Current management has over 30 years of combined experience in the bankcard processing industry and has owned Bancard USA since October 2000. Bancard USA is an independent Sales Organization (SO) that registers directly with Visa, MasterCard, First Data, and ChasePaymentech.

Certified Government Payments specializes in all areas of Transaction Services for the public sector including but not limited to tax collection, utility payments, and judicial court payments and is capable to processing transactions that result in zero cost to the government entity.

Certified Government Payments provides an experienced staff of professionals along with the advanced technology and resources necessary to better serve our clients. Bancard USA is a registered ISO of the largest processor in the world, First Data. First Data processes approximately 55% of all the bankcard transactions in North America. They also own Western Union and Telecheck and process transactions worldwide.

For over twenty-five years, **Chaves Consulting** has consistently delivered flexible, cost effective, easy to use software and hardware solutions that have met or exceeded our customer's expectations. Our **MAJIC** (Municipal and Justice Court's Information Computing) Software Application is presently running in more Justice and Municipal Courts in Oregon than any other court software application. Our web based application includes electronic interfaces with ODOT, DOR, County Sheriff's Offices, collection agencies and other entities. We now offer no county/city fee credit card processing including the ability for defendants to make payments online. E-ticketing electronic interfaces are currently being developed for use statewide. Our company is focused on Oregon Local Governmental Agencies and our commitment is to provide consistently high quality customer service to all of our users. Come and see us in the vendor area at the conference or visit us on our web site at www.chavesconsulting.com . You can also visit the web site of our new customer service center at www.pacwestcc.com

MULTI BUSINESS SYSTEMS

Myron Kooiman
2350 E Gettysburg, Suite A
Fresno CA 93726
800-776-0057
Fax (559) 222-1675
mkooiman@multibusinesssystems.com

Multi Business Systems provides print and mail services for courts across the nation. We design your jury summons to meet you needs. We can receive files from any software; verify totals, image and mail within 24 hours. Potential jurors have the summons in an average of 72 hours from when the file is sent.

Multi Business Systems can also correct the potential juror addresses sent against the Postal data base so the mailings go to the correct addresses the first time. The corrected addresses are returned to you so your data bases can corrected manually or electronically and all corrections are Postal compliant. We also print and mail Traffic Notices, Fish and Game or any public notices that are needed.

This process can save the court time and money by going automated

(888) 888-1992/ (541)335-2284
www.professionalcredit.com
sales@professionalcredit.com

Professional Credit Service (PCS), a division of Hawes Financial Group, provides in state and out of state collections as well as account receivable management, debt purchasing, and litigation. Over the last 75 years in the collection industry, PCS has developed a sophisticated and highly effective collection system. We have become one of the largest and most trusted agencies in the area. This experience has earned up the distinction of currently being the only Oregon based agency to be awarded the State of Oregon contract. PCS has been assisting State of Oregon and ORCPP agencies in recovering past due and delinquent debt since 1996.

PCS features advanced technology placing you in complete control throughout the recovery process. Our clients now have 24-hour access to manage their accounts, compile a variety of reports, perform custom inquiries, and use our secure message board, all directly from their desktop.

Contact us today to learn how PCS' depth of experience in collecting government accounts allows us to offer our government clients an exceptionally high rate of return, as well as unmatched customer service.

The **INCODE** Court Case Management Software solution is the answer to your court needs. The **INCODE** Court Case Management Software solution is a fully integrated, graphical application that provides effective case management, document processing and cash/bond management. Utilizing a variety of user-defined options, the court system can be configured to fit your courts individual needs. Create Master files for persons, officers and vehicles eliminating the need to re-enter existing information for every case or citation. The existing information can be easily located and attached to a new case. This eliminates duplicating information and therefore saves time and disk space. **INCODE** complies with all State reporting and conviction reports, which includes electronic reporting in States where that is applicable. **INCODE** also offers the ability for Defendants to pay certain fines over the Internet with a credit card or electronic check. **INCODE** employs former judges, clerks, police officers, and court administrators insuring that you have the best in training and support. To find out more about **INCODE**'s customer service, just ask any of the 450+ **INCODE** customers.

Valley Credit Service, Inc. was founded in 1936, making us one of the oldest agencies in the State of Oregon. For over 60 years, we have had one goal; that is to maintain a competitive edge through services and innovation in the field of collections. Our collection management team has over 60 years of combined collection experience. We are currently 18 collectors strong, with a total of 35 employees. It is our belief that personal, non-offensive contact results in more collections, paid-in-full, and fewer problems. We feel we must talk to people and solve tow problems: why they won't pay or why they can't pay. It is our desire to provide total personal service to all of our clients, both established and new alike.
